Aerostation: the scrapbooks of Henry B.H. Beaufoy.

Range of collection dates: 1784-1843

Size: Two album (719 pages)

Language: English

Provenance: Gift of Alexander Stillman.

Restrictions: None

Photocopying, literary rights, and citation: Single photocopies may be made for research purposes. No further photoduplication of copies of material in the collection can be made when Princeton University Library does not own the original. Permission to publish material from the collection must be requested from the Associate University Librarian for Rare Books and Special Collections. The library has no information on the status of literary rights in the collection and researchers are responsible for determining any questions of copyright. Citations should be as follows: Aerostation: the scrapbooks of Henry B.H. Beaufoy, Page #, Department of Rare Books and Special Collections, Princeton University Library.

History

These two scrapbooks were formed by Captain Henry B.H. Beaufoy (1786-1851), who was an experienced balloonist; both volumes contain his bookplate on the front pastedown. They contain material on ballooning dating from 1784 to 1843.

These volumes are Item 57 in the checklist of the Harold McCormick Collection of Aeronautica, given to the Princeton University Library by Alexander Stillman ca. 1965.

Scope Note

The chief items are some hundreds of newspaper clippings covering the ascents of Lunardi, Blanchard, Arnold, Barrett, Garnerin, Montgolfier, C. Green, Mrs. Graham, and other prominent aeronauts. The materials include advertisements, handbills, manuscript commentary, tickets for ascents and inflations, descriptions and contemporary prints of the first aerial machine, and other documents. Preliminary leaf has dealer's catalogue description pasted down.

Arrangement

Materials are grouped generally in date order; however, not everything is undated. Pages are numbered in ms. Some pages are blank.
