Spanish and Catalan Legal Documents (652 documents • date range: 1634-1857) held by the Princeton University Library. [Shelved at ReCAP as of January 2002 • call number (Ex) KJD .A001 1634 collectn]. This PDF document is a compilation of 653 records of tagged data; one for each legal document (exception: document 618 has two records). Tagging is according to specifications for a SPIRES database (no longer supported by campus computing). As a PDF document, the data is keyword searchable via Adobe Reader using the "Find" box. If you want to know more about a particular legal document, it is important to give to staff the "NUMBER = xxx," not "ID=" (ID is a database control number.) The legal documents are arranged in a numbered series.

Spanish and Catalan Legal Documents (652 documents • date range: 1634-1857) held by the Princeton University Library. [Shelved at ReCAP as of January 2002 • call number (Ex) KJD .A001 1634 collectn]. This PDF document is a compilation of 653 records of tagged data; one for each legal document (exception: document 618 has two records). Tagging is according to specifications for a SPIRES database (no longer supported by campus computing). As a PDF document, the data is keyword searchable via Adobe Reader using the "Find" box. If you want to know more about a particular legal document, it is important to give to staff the "NUMBER = xxx," not "ID=" (ID is a database control number.) The legal documents are arranged in a numbered series.

Spanish and Catalan Legal Documents (652 documents • date range: 1634-1857) held by the Princeton University Library. [Shelved at ReCAP as of January 2002 • call number (Ex) KJD .A001 1634 collectn]. This PDF document is a compilation of 653 records of tagged data; one for each legal document (exception: document 618 has two records). Tagging is according to specifications for a SPIRES database (no longer supported by campus computing). As a PDF document, the data is keyword searchable via Adobe Reader using the "Find" box. If you want to know more about a particular legal document, it is important to give to staff the "NUMBER = xxx," not "ID=." (ID is a database control number.) The legal documents are arranged in a numbered series.

Spanish and Catalan Legal Documents (652 documents • date range: 1634-1857) held by the Princeton University Library. [Shelved at ReCAP as of January 2002 • call number (Ex) KJD .A001 1634 collectn]. This PDF document is a compilation of 653 records of tagged data; one for each legal document (exception: document 618 has two records). Tagging is according to specifications for a SPIRES database (no longer supported by campus computing). As a PDF document, the data is keyword searchable via Adobe Reader using the "Find" box. If you want to know more about a particular legal document, it is important to give to staff the "NUMBER = xxx," not "ID=." (ID is a database control number.) The legal documents are arranged in a numbered series.

Spanish and Catalan Legal Documents (652 documents • date range: 1634-1857) held by the Princeton University Library. [Shelved at ReCAP as of January 2002 • call number (Ex) KJD .A001 1634 collectn]. This PDF document is a compilation of 653 records of tagged data; one for each legal document (exception: document 618 has two records). Tagging is according to specifications for a SPIRES database (no longer supported by campus computing). As a PDF document, the data is keyword searchable via Adobe Reader using the "Find" box. If you want to know more about a particular legal document, it is important to give to staff the "NUMBER = xxx," not "ID=" (ID is a database control number.) The legal documents are arranged in a numbered series.

Spanish and Catalan Legal Documents (652 documents • date range: 1634-1857) held by the Princeton University Library. [Shelved at ReCAP as of January 2002 • call number (Ex) KJD .A001 1634 collectn]. This PDF document is a compilation of 653 records of tagged data; one for each legal document (exception: document 618 has two records). Tagging is according to specifications for a SPIRES database (no longer supported by campus computing). As a PDF document, the data is keyword searchable via Adobe Reader using the "Find" box. If you want to know more about a particular legal document, it is important to give to staff the "NUMBER = xxx," not "ID=." (ID is a database control number.) The legal documents are arranged in a numbered series.
